

Poly House Project
Industrial & Manufacturing Engineering Department
California Polytechnic State University
San Luis Obispo, CA 93407

Dear Community,

On behalf of all the PolyHouse students from the Cal Poly Industrial and Manufacturing Engineering Department we would like to say thank you to all of our donors.

What made the whole project come together in just two weekends was the professional installation of the roof by Kyle Roofing, the countertops by Spencer Rogers, the carpet by Phillips Floor to Ceiling, the paint removal from Chris' Paint, drywall installation help from White's Drywall and El Camino Building Supply, and construction services from Steve Chauvet, Vince Zorn, Westbeach Construction, and Harold Smith.

Material donations like the roofing shingles from R & S Supply and the paint from San Luis Paint and Warnes Paint were extremely generous. All of the construction debris was hauled off site in a dumpster donated by Mid State Solid Waste and Recycling. ProSource donated materials along with Elk, Pacific Coast Kitchen & Bath, United Rentals, FedEx Kinko's, Moore's Western Nursery, Farm Supply Company, Santa Barbara Stone and Masonry, Steve Schmidt Topsoil, Sanford Stone Company, Bay Laurel Garden Center, Quaglino's, Farris Lighting, ABC Supply, Consolidated Electrical Distributors, Pacific Coast Home & Garden, the Civil and Environmental Engineering Department, Taco Roco, Lomag Internet Services, San Luis Traditions, and Atascadero Glass. Without the thousands of dollars worth of materials donated we definitely wouldn't have been able to accomplish nearly as much as we did.

All of the monetary funds raised for the project allowed the student teams to remain flexible in the face of the adversities that invariably come along with construction projects. Melfred Borzal, Mustang Manufacturing, the IME Student Fee Committee, Kennedy Club Fitness, the San Luis Obispo Bike Club, Costco, Mr. Garlan Salzgeber, Dr. Charles Blair, Saes Getters, Ms. Anne Kelly, Mr. Frank Mullin, Wells Fargo, Mid-State Bank, Coast Hills Federal Credit Union, Ms. Theresa Sickmiller, Ms. Jacquelyn Wheeler, Russ and Wendy Robinson, Joan and Harvey Petersen, Dale and Sharon Sutliff and Motel 6 in Atascadero.

The students were well fed and energized during both weekends thanks to donations from Subway, Woodstock Pizza, Baja Fresh, and Trader Joes. American Marborg took care of the students by donating temporary bathrooms.

All of our donors have really shown the Cal Poly students involved in this project how much they care about their community. This project could not have been a success without each and every individual's involvement. This project has enhanced our education like no other. Together we have been able to make a true difference in someone's life, and it has been an experience that we will carry with us for the rest of ours.

Sincerely,

The Cal Poly IME Project Management Students
